

Potomac Nordic Ski Club (PNSC)

Ski Trip Report Items

1. Please prepare an account of the trip, which can be done by one of the participants:

List of participants, pros/cons of lodging choice, other options in the area, how were the trails (level of difficulty), snow conditions, activities other than skiing (daytime and evening), eating establishments/arrangements (i.e., pot luck with cooking facilities at lodging), and transportation. Include other pertinent items.

This would be best if written as an article for the newsletter, "THE UPSLOPE". Please send this to the UPSLOPE Editor – see the newsletter for the E-mail address.

2. Please write and attach a short commentary of the trip components. Include planning, leading, accommodations, participants, collecting money, transportation, or any other critiques that would benefit leaders – negative and positive. Include suggestions for improving procedures or activities. Give us feedback so we can plan better trips. Please send this to the Ski Trip Coordinator – see the newsletter for the E-mail address.

We hope you had an enjoyable trip and that you will lead another trip next ski season. Thank you for your time, energy and efforts as a trip leader. PNSC depends on leaders for its existence.
